Belgium Testing Days 2011

Tutorials
February 14, 2011

Tutorial	Morning Session	Afternoon Session
"Becoming a Great Test Manager" Johanna Rothman	09:00–12:30	13:30–17:00
"Cover All Your Testing Bases with the Agile Testing Quadrants" Lisa Crispin	09:00–12:30	13:30–17:00
"Test Automation for Mobile Applications" Julian Harty	09:00–12:30	13:30–17:00
"Risk-Based Testing" Stuart Reid	09:00–12:30	13:30–17:00
"A Minimal Test Method for Unit Testing" Hans Schaefer		13:30–17:00
"Test Estimation – A Painful or Painless Experience?" Lloyd Roden	09:00–12:30	

All tutorials are full-day tutorials (9:00–17:00 incl. a one-hour break) except for tutorials by Hans Schaefer and Lloyd Roden.

Conference (Day 1)
February 15, 2011

Time	Track 1	Track 2	Track 3	Exhibitor Track
08:30–09:30	Conference Opening & Keynote: "Lessons Learned from 20 years of Managing Testing" Johanna Rothmann			
09:30–10:30	"Best Practices for Software Testing: Proposing a Culture of Testing" Tim A. Majchrzak	"Using the Machine to Predict Testability" Miguel Lopez	"Have you met the CAT?" [1] Jana Noack (iSQI) & Arjan Brands (Diaz & Hilterscheid)	"Improving the Developer-Tester Collaboration with Visual Studio 2010" [1] Jan Willem van Buuren (Microsoft)
10:30–11:00	Break – Visit the Expo			
11:00–11:30	"How to Create Good Testers" Susan Windsor	"Test-Driven Development in the Embedded World" Jeroen Boydens, Piet Cordemans & Sille Van Landschoot	TestLab "Martial Arts in Testing? – Testing and Coding Dojos" Markus Gaertner	"Get to know what Rational is doing in Quality Management and its surroundings" [1] Jack Verstappen (IBM)
11:30–12:00				"Stay Agile with Model Based Testing" [1] Jelle Calsbeek (Atos Origin)
12:00–13:00	Lunch – Visit the Expo			
13:00–14:00	"Above and Beyond the Call of Duty" Dries Baert	"The Business in the Driver Seat with Cloud Computing/How to Test – A Dialogue Between the Old and New Generation Tester" John Bertens & Remco Oostelaar		"Implementing a business-centric, quality-driven software approach with HP ALM" [1] Jerry Saejemakers (HP Software)

14:00–15:00	"Poor Defects BUG Me" Peter Morgan	"Virtualized Testing: Opening the Doors of Opportunity" Daniël Maslyn		"The Synergy between ISEB and IREB" [1] Erwin Vangenechten (Coralius)
15:00–15:30	Break – Visit the Expo			
15:30–16:30	Keynote: "Innovations in Software Testing: the Past, the Present and the Future" Stuart Reid			
16:30–17:30	Lightning talk "Looking into the Future" Dorothy Graham, Stuart Reid, Hans Schaefer, Lisa Crispin, Johanna Rothman, Julian Harty and Lloyd Roden			
17:30–18:30	Conference Reception – Networking in the EXPO Hall			
18:30	Show			

Conference (Day 2)
February 16, 2011

Time	Track 1	Track 2	Track 3	Exhibitor Track
07:15–07:30	Breakfast			
07:30–08:30	"With the invention of the chip and the arrival of the supercomputers our whole future ICT landscape changes! A challenge for QA?" Wilfried Verachtert (Project Manager High Performance Computing imec en Lab Manager ExaScience Intel Labs Europe)			
08:30–09:30	Keynote: "Alternative Testing: Do We Have to Test Like We Always Have?" Julian Harty			
09:30–10:30	"Unusual Testing: Lessons Learned From Being a Casualty Simulation Victim" Nathalie Rooseboom de Vries van Delft	"How to Successfully Test in the Land of Babel: A Case Study" Rocio Guerra-Noguero	TestLab "Martial Arts in Testing? – Testing and Coding Dojos" Markus Gaertner	"Testing with the cloud – Cloud enabled testing services" [2] Geert Vanhove (Sogeti)
10:30–11:00	Break – Visit the Expo			
11:00–12:00	"The A(utomation)-Team" Bjorn Boisschot	"The Fifth Dimension: You've Just Entered The Financial Engineering Zone" Jamie Dobson & Jorrit-Jaap de Jong		"Security Testing, a Stranger in our Midst?" [2] Geert Colpaert (ps_testware)
12:00–13:00	Lunch – Visit the Expo			
13:00–14:00	Keynote: "bpost V2.011 – The Journey of a Complete Makeover of a State-Owned Monopolist" Koen Van Gerven (Executive Committee, Residential Market, Postal Bank and ICT, bpost)			
14:00–15:00	"How to Automate Tests Using TestLink and Hudson" Bruno de Paula Kinoshita	"Winning Big with Agile Acceptance Testing – Lessons Learned From 50 Successful Projects" Gojko Adzic	TestLab "Martial Arts in Testing? – Testing and Coding Dojos" Markus Gaertner	
15:00–15:30	Break – Visit the Expo			
15:30–16:30	"How to Suspend Testing and Still Succeed – A True Story" Graham Thomas	"How We Bridged the Gap Between Developers and Testers in a Scrum Context" Jurian van de Laar		"Performance testing in a changing world" [1] Jan De Coster (Micro Focus)
16:30–17:30	Keynote: "Learning for Testers" Lisa Crispin			
17:30–17:45	Closing Words			

Bonus Sessions (Day 3)
February 17, 2011

Time	Track 1	Track 2
09:00–16:00	TMMi by Experimentus with Geoff Thompson & Brian Wells	Work Camp: Preparation for Exams – ISTQB Foundation Level with Werner Lieblang Exam Center: ISTQB Foundation and Advanced Level, IREB Online Exams – Certification by iSQI

[1] 25-minute presentation

[2] 50-minute presentation
